Special Rules

Animosity

Related to Goblins, Hobgoblins suffer the effects of inter-goblinoid animosity, but due to their training and relative civilisation, recieve +2 to their die roll. Further to this, Hobgoblins may be used as leaders for other Goblinoid regiments, which will negate any animostiy effects of that unit against Hobgoblins.

Savage Loyalty

Hobhounds must be controled by a Hobgoblin Shaman or Priest. Should the Hobhounds master be slain, the Hobhounds will continue to attack the enemy until slain, moving always to the nearest enemy unit.

Fearless

Due to their training, Hobgoblin troops are completely immune to to the effects of fear

Stubborn

Due to high levels of training, hobgoblin soldiers will not rout due to troop loss and can never be pushed back, instead they will stand their ground until the last troop.

Animal Mastery

A Hobgoblin wizard can control up to 3 (+1 per level) Hobhounds.
